Sir

In forwarding herewith the vernacular correspondence ending with the Belur Municipal President's report No 76 dated 19-8-1929, I have the honour to state that the Municipal Council of Belur propose to entertain a whole time peon of Non pensionable service on Rs 9/- per mensem for attending to the lighting work in the municipality and request sanction to the same

From the Municipal President's reports, it is seen that the lighting work was being done on contract system formerly but on account of complaints of bad lighting it is now being carried out departmentally Amani by the Council themselves There are 44 lights lit now in the town and the Municipal Council contemplate to increase the number by 9 more this year It appears that a part - time servant has been at present employed on a remuneration of Rs 6/- per mensem to look after this lighting work, but the President states that this arrangement is not working properly a d there are complaints about lighting work He also states that the existing sanctioned menial establishment cannot possibly attend to the lighting work without prejudice to their other legitimate duties of the Municipality and he therefore recommends that the proposal of the Municipal Council to ertertain a whole time servant on Rs 9/- may be sanctioned the Cost being met out of the previous Sanctions in the current year's budget of the Municipality for the purpose

2 In these circumstances, I request you to move the Government and obtain their sanction to the entertainment of an additional peon of non pensionable service on Rs 9/- per mensem for lighting work as proposed by the Municipal Council

I have the honour to be,

Sir,

Your most obedient servant,
